

Dear Doctor,

The person with this letter has contacted the NSW Sexual Health Infolink and is requesting an asymptomatic sexual health check for sexually transmissible infections (STI).

The *Guidelines for preventive activities in general practice* recommends that this includes the following tests:

- Chlamydia NAAT test –self collected or clinician collected swab and/or urine
- HIV Ag/Ab
- Hep BcAb
- Syphilis EIA

The **STI testing tool** may be accessed on the NSW STI Programs website:

www.stipu.nsw.gov.au.

For further information, support and referral options please call the NSW Sexual Health Infolink on 1800 451 624 (Monday to Friday, 9am to 5.30pm).

Yours faithfully,

NSW Sexual Health Infolink

A statewide service providing sexual health information and support for the general public and health professionals.
